Principal's Message

As a new principal at Windsor Islamic High School, it is a great honour to welcome the students, staff and parents to our school's community. I have lived in Windsor since 2004 and I am thrilled to see some of the students whom I've taught in kindergarten graduating from grade 12 at WIHS very soon. I feel privileged to lead such an exciting and valuable school in our community. Windsor Islamic high school offers our students the best possible opportunities to accomplish the highest level of success in an Islamic and modern environment. I am looking forward to leading a unique school year in service to our student, parents and community.

Best regards,
Asma Dabhour
Principal
